INFORMATION ON THE ONLINE EDUCATION

The online education will start in our department and also in our university on March 30th Monday 2020, and continue until a new directive will be issued by our university.

All undergraduate and graduate courses offered this term will be provided online until further notice. The courses with laboratory/practical activities are expected to be conducted at a later time. Please check with the instructors of these courses about the timing of these activities.

We do not know how the exams will be conducted. Please keep checking our web site for the most recent information.

We will use our department’s Moodle web site (http://moodle.cevre.hacettepe.edu.tr/) for the courses offered by our department. Please let us know immediately if you cannot login to this web site. Our online education coordinator is Dr. Elvin Aghayev (elvinaga@hacettepe.edu.tr).

HUZEM has assigned a web page to coordinate the online education for the whole university. Here is the web site: http://evdekal.hacettepe.edu.tr. Once you log in to this web site you will find announcements and other information about the online education. However, all courses offered by our department will be at http://moodle.cevre.hacettepe.edu.tr/. For all other courses, please check http://evdekal.hacettepe.edu.tr.

It is your responsibility to check the contents uploaded to the course web site at Moodle. Please also check your email (including the spam folder of your email) very frequently. Email is our main source of communication with you.

If you have any technical questions about the online education, please send an email send to cevre@hacettepe.edu.tr and/or elvinaga@hacettepe.edu.tr.

Any questions about the courses should be sent directly to the instructors of the courses.

Please check our department web site (http://www.cevre.hacettepe.edu.tr/) frequently for current announcements.
